PROFESSIONAL EXPERIENCE

Shen Wai International School (SWIS) | Shenzhen, China

2023–2026

Grade 4 Teacher, IB Primary Years Programme (PYP)

- Onboarded a new teaching assistant into the daily routines of the classroom.
- Helped the Grade 4 team adopt a new way of planning, and the whole team now uses it.
- Served as main contact for 20–25 families a year, many across a language barrier. Handled high-needs situations with clear, direct communication and kept everyone working together.
- Met each week with the team lead and curriculum coordinator to keep the grade on plan and on schedule.

Shenzhen American International School (SAIS) | Shenzhen, China

2020–2023

Grade 3 Teacher: Math, Science, English Language Arts, Humanities

- Led the Grade 3 Exhibition of Learning, where students grew microgreens from planting and daily care to a final public showcase.
- Planned and ran real-world projects for the whole grade, built and tested with students.
- Helped choose new staff as a member of the school's hiring interview panel.

The Bay School • Keyword Education | Shenzhen, China

2016–2020

English Teacher (The Bay School, 2018–2020; Keyword Education, 2016–2018)

- Planned and ran school events, including concerts, plays and sports days, from the first idea to the day itself. Managed the plans, people and timing, and solved problems on the day.
- Adapted lessons for many ages and learning needs.

Wallsome / Replica Creative | Philadelphia, PA

2014–2016

Project Lead and Web Manager

A large-format printing company: wall graphics, custom printed wallpaper, advertisements and branding.

- Led on-site installation teams for large-format graphics at the University of Pennsylvania, Drexel University and Temple University, plus the crew that installed vinyl graphics on the air stairs for the Pope's 2015 visit to Philadelphia. Owned each job from client sign-off to the finished install.
- Served as single point of contact on 50+ client projects from start to finish. Planned the work, set timelines, and coordinated 2–5 person crews of designers, print production and installers. Cleared problems and handed over finished work.
- Managed an online store and point-of-sale build as the main contact for the outside developers.
